

UNIT 2

(SEE PAGE 28 FOR UNIT 2 MAP)

This unit consists of Prince of Wales Island and all islands west of the center lines of Clarence Strait and Kashevaroff Passage, south and east of the center lines of Sumner Strait, and east of the longitude of the westernmost point on Warren Island.

Special Provisions:

- The taking of wildlife on Federal public land is authorized outside of published open seasons and harvest limits in Units 1-5 if the harvested wildlife will be used for food in traditional religious ceremonies which are part of funerary or mortuary cycles, including memorial potlatches, provided that;
 - The person (or designee) organizing the religious ceremony contacts the appropriate Federal land management agency prior to attempting to take wildlife to provide the name of the decedent(s), the nature of the ceremony, the species and number of animals to be taken, and the Unit in which the harvest will occur;
 - The taking does not violate recognized principles of wildlife conservation;
 - Each person who takes wildlife under this provision submits a written report to the appropriate Federal agency not more than 15 days after the harvest. The report must specify the harvester's name and address; the number, sex, and species of wildlife taken; the date and location of the harvest; and the name of the decedent(s) for whom the ceremony was held;
 - The harvester is a rural Alaskan resident with customary and traditional use in the hunt area. There are no permit or harvest ticket requirements under this provision. However, harvesters between the ages of 16 and 60 must possess a valid Alaska hunting license.
- A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take deer on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time.
- Bait may be used to hunt black bear between April 15 and June 15.
- You may not shoot ungulates, bear, wolves, or wolverine from a boat, except for persons certified as disabled.

An "All rural residents" designation in the following customary and traditional use determinations means that a specific determination has not yet been made.
